SUBJ: TABE Waiver for Dislocated Workers from Caterpillar (Summerville)

The Caterpillar plant in Summerville has announced its intention to close due to economic conditions. Approximately 280 individuals employed at the facility will be impacted by this event. In order to expedite their enrollment into the Workforce Investment Act (WIA) program, I am requesting a waiver of the TABE requirement under the Eligibility and Enrollment Policy, as approved on November 15, 2012.
