MEMORANDUM

TO: Ron Mitchum, Executive Director, BCD COG

FROM: Cassandra B. Jamison, Center Manager, SC Works Charleston

DATE: June 24, 2013

SUBJ: TABE Waiver for Dislocated Workers from Force Protection

Force Protection, a manufacturer of mine-resistant, ambush-protected vehicles, located at 9801 U. S. 78, Ladson, SC, notified Columbia in May, 2013, that they would be having a reduction in their workforce. The anticipated layoff date was June 7, 2013, and the number of personnel affected was estimated at 28 people. On site Rapid Response was not allowed by the company. Therefore a Rapid Response for this group was held on June 14, 2013, at SC Works Charleston. In order to expedite their enrollment into the WIA program, I am requesting a waiver of the TABE requirement under the Eligibility and Enrollment Policy, as approved on November 15, 2012.
