

BERKELEY

MEMORANDUM

TO: Ron Mitchum, Executive Director, BCD COG

FROM: Ellen Dewees, Site Manager, SC Works Berkeley

DATE: July 8, 2013

SUBJECT: TABE Waiver for Dislocated Workers from Honeywell

Honeywell Technology Solutions Inc. of Goose Creek has recently announced its intention to reduce their workforce. The approximate number of individuals to be impacted by this event has changed since initial talks began with Honeywell, but may be over 500. This includes direct employees of Honeywell as well as temporary workers at the location who are/were employed through Aerotek. In an attempt to expedite their enrollment into the Workforce Investment Act (WIA) program, I am requesting a waiver of the TABE requirement under the Eligibility and Enrollment Policy, which was approved on November 15, 2012.
